JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

MUNICIPAL ORDINANCES, RULES, AND REGULATIONS PERTAINING TO PUBLIC HEALTH.

BUTTE, MONT.

Bread—Wrapping of, to Prevent Contamination. (Ord. 1326, June 8, 1916).

SECTION 1. It shall be unlawful for any person, firm, or corporation, or for his agent or servant, to sell, exchange, or deliver, or offer for sale, or exchange or deliver or cause or permit to be sold, exchanged, or delivered in the city of Butte any bread unless the same shall be closely wrapped and sealed in a clean paper, each loaf to be wrapped separately, said paper to be impervious to any pollution whatsoever from dust, dirt, flies, or any vermin, and from the hands of any person or persons engaged in its sale, said wrapping to be done at the plant or shop where said product is made: *Provided, however,* That the provisions of this ordinance shall not apply to hotels, restaurants, boarding houses, or other places where bread is made for their own use.

SEC. 2. The use of newspapers or any other waste paper for such wrapping is strictly prohibited. All bread must stand after it leaves such ovens two hours before it is wrapped and sealed in said paper.

SEC. 3. Each and every person, company, or corporation violating any of the provisions of this ordinance shall, upon conviction, be fined in a sum not less than \$10 nor more than \$300.

DECATUR, ILL.

Communicable Diseases—Notification of Cases—Quarantine—Placarding—Disinfection—Hospitalization—School Attendance. Tuberculosis. (Ord. 270, Apr. 10, 1916.)

ART. 6. SEC. 35. *Contagious-disease reports.*—Every physician or other person attending upon any case of contagious, infectious, or pestilential disease shall, within 12 hours after first having knowledge of the same, report by telephone every such case to the office of the superintendent of health, stating the name of the person, giving the residence location, so that he or she may be easily found, and stating the nature of the disease and such other relative information as desired. The following diseases are hereby declared to be reportable diseases: Cholera, smallpox, scarlet fever, diphtheria, infantile paralysis, measles, chicken-pox, varioloid, erysipelas, cerebrospinal meningitis, whooping cough, mumps, typhoid fever, tuberculosis, and other diseases designated, accepted, and recognized as contagious or infectious.

SEC. 36. *Quarantine.*—It shall be the duty of the superintendent of health to visit and examine, or cause to be visited and examined by a physician, all persons who shall be reported to him as laboring or supposed to be laboring under any contagious, infectious, or pestilential disease, and who have not had medical attendance. The superintendent of health shall cause a notice printed in large letters to be placed upon every house in which any person or persons are living or staying, who have been reported to be affected with any such disease, on which shall be printed the name of the disease from which the person is suffering, and if any person or persons shall
